

Jabra®

THE BEST JUST GOT BETTER

THE BEST JUST GOT BETTER

The Jabra BIZ 2400 II headset series, was developed with one goal in mind: to be the world's best corded contact center headset. Today, the BIZ 2400 II has evolved to include acoustic shock protection, extra padding for additional comfort on the ear cushions and headband, as well as the industry's only unbreakable 360 swiveling boom and Kevlar-reinforced cord – to suit the most demanding environments. Available in a 3-in-1 wearing style for Mono and headband wearing style for Duo.

MAKE SURE YOUR CUSTOMER ONLY HEARS ONE AGENT AT A TIME

Jabra's BIZ 2400 II is designed to deliver best-in-class audio performance, no matter how loud your contact centre environment is. Now with enhanced speakers in the ear cups, your agents can hear your customers better than ever before – offering a superior experience and faster call resolution. With a range of wearing styles to fit every agents wearing preference and Peakstop technology ensures loud sounds are clipped off. The result is crystal clear conversation with added 'listening' power.

BUILT TO KEEP WORKING – NO MATTER HOW MUCH PUNISHMENT IT TAKES

The Jabra BIZ 2400 II is built to last - no matter how challenging your contact centre environment. Only the Jabra BIZ 2400 II has features like Kevlar reinforced cords, gold plated contacts, and an unbreakable 360 degree FreeSpin boom that ensures it can stand up to the most demanding environments. With a 3 Year Warranty, your headset investment is protected with Jabra.

COMFORT MEANS PRODUCTIVITY

A comfortable agent is a happy, productive agent. With luxury ear cushions and additional headset padding; ensure your agents stay more comfortable and productive, for longer.

Below is a list of features that are available as standard on every USB variant of the BIZ 2400 II

JABRA BIZ 2400 II PRODUCT FEATURES

Intellitone™

*Intellitone is a feature available for hearing protection purposes***
Compliant with regulations from the UE and US, Intellitone guarantees that end users are not subjected to more than 85 db on average from the device.

Voice Guidance*

Alerts the user when connected
A voice automation application to ensure the end users knows exactly when the headset is connected and ready to start making and taking calls

Peakstop™

*Safe sound and superior hearing protection***
PeakStop technology immediately removes potentially harmful loud sounds or tones before they reach your ears and keeps the sound level within the safe range to protect your hearing.

HiFi Sound

Enjoy flawless sound quality
Immerse yourself in music with HiFi Sound. Available across the entire Audio Frequency Range.

Talk in Comfort

Be kind to your ears
Assure total comfort with a wide range of styles that match your individual needs and personal fitting requirements. Our light, ergonomically designed frames along with soft ear cushions, adjustable headbands and microphone boom will guarantee that your headset will be comfortable all day long.

Kevlar® Reinforced Cords

Increased toughness for enterprise-class durability
Jabra headsets with Kevlar-reinforced cords feature the same material used in anti-ballistic bullet-proof vests. This means cords that withstand more strain are more durable than alternatives - all of which lowers the total cost of ownership.

Noise Canceling Microphone

Reduces unwanted background noise
Noise Cancelling microphones reduce unwanted background noise and are ideal in crowded and noisy, open office environments.

Jabra FreeSpin™ Boom

Reduces likelihood of breaking during adjustment
With Jabra's FreeSpin boom you can rotate your boom a full 360 degrees. This lets agents adjust the positioning so it is exactly where needed. - without having to worry about breaking it.

* Bluetooth variant only
