VoiceTracer

Exceptional recording in any recording situation

Notes

With a digital recorder optimized for notes, you'll never lose those thoughts and ideas you have when you're on-the-go. Simple and convenient.

High-quality recording

The two built-in stereo microphones are designed to deliver clear voice recordings and reduce background noise, even in loud environments. High-quality recording is also essential for accurate speech recognition results.

Interview

Spare yourself the writing and concentrate on your counterpart. With a recorder optimized for interviews, you'll never miss a single word or key fact.

Audio scenes

Recording in different environments is often a challenge. Preset audio scenes which automatically adjust the recorder's audio settings to the intended use guarantee best audio results in any recording situation.

Lecture

Focus on listening and make sure you don't miss content. With a recorder optimized for lectures, you can record speakers even from a long distance.

Zoom microphone

The zoom microphone focuses on the speaker in the center and filters sounds coming from the sides. Connect the VoiceTracer to your smartphone with the free VoiceTracer app to control recording from the distance and easily share your files.

Music

Capture every beat with a digital recorder optimized for music. Achieve studio-like quality recordings of your favorite instruments and songs.

96 kHz/24 bit recording

Capture music in outstanding definition and stunning clarity with three high-fidelity microphones in 96 kHz and 24 bit. The free VoiceTracer app lets you control the recorder with your smartphone and share the recorded files easily.

Video

Exceptional videos require exceptional sound. Bring your videos to the next level with superior audio quality and convenient video-shooting accessories.

Exceptional sound

Use the VoiceTracer as an external microphone and create stunningly crisp sound for your videos. You can attach the recorder directly to your DSLR using the included shoe mount and use the windscreen when recording videos outside.

Meeting

Capture meetings in excellent audio quality. Simply place the 360° meeting microphone on the table, press record and capture all speakers, from every angle.

360° recording

The innovative meeting recorder captures everyone's ideas in excellent audio quality no matter where they are seated at the table. The free VoiceTracer app lets you control the recorder with your smartphone and share the recorded files easily.
